Reeth	-	-	-	18	-	-	9am	1pm
West Burton	-	-	-	-	-	-	-	-

In order to keep in line with social distancing measures, vehicles using the mobile household waste recycling centres will be subject to queueing, this may mean the process will be slower than usual. Only one car will be able to unload at a time and the mobile sites will operate with a bin wagon for general waste and a refuse vehicle for waste to energy recovery and a vehicle for recyclables.

The current restrictions remain in force for the mobiles:

No trailers, commercial or charity waste, only one person out of the vehicle where possible, only bring what you can manage yourself as staff are unable to help unload, keep two metres apart to protect yourself and others and wash your hands at home before and after visiting the site.

Please be considerate to other users once the vehicles are full then we are unable to accept any more waste.

Residents using vans should pre-register them at <https://www.northyorks.gov.uk/vehicles-allowed-use-household-waste-recycling-centres>

Cllr Andrew Lee, Executive Member for Waste Management, said: “It is great that our mobile household waste and recycling centres are reopening, although they are all operating within new restrictions it is for the safety of residents and staff and we will continue review these as the guidelines change.”

Social distancing must be observed, with people remaining at least two metres apart at all times. Hand sanitising facilities at sites are limited, so people are advised to wear gloves on site and are reminded to wash their hands before and after attending an HWRC.
