

**Arkengarthdale Parish Records preserved for many years
to come thanks to grant from Richmondshire Area
Partnership Fund.**

Arkengarthdale Parish Council received some funds from the Richmondshire Area Partnership Fund which enabled them to purchase three items of storage for their historical records.

This will mean that old parish minute books and maps will be able to be stored in strong plastic boxes and an A1 sized Portfolio Case, giving them safe storage for many years to come.

These records form part of the parishes history and it is our duty to preserve them for future generations and thanks to this grant they now are.
